## HDMI-to-3G/HD/SD-SDI

Cena brutto	<b>2 556,44 zł</b>
Cena netto	<b>2 078,41 zł</b>
Kod producenta	<b>BBG-H-TO-S</b>
Producent	<b>Cobalt Digital</b>

### Opis produktu

Cobalt introduces Blue Box Group™ – our all-new line of interface converter boxes that not only offer excellent performance, but also excel to a new level of ease of use and installation practicality. Blue Box can power directly via USB to get its power from video monitors or other equipment. Blue Box HDMI to SDI provides true 3G and HD conversions from HDMI to SMPTE 424M, 292M, or 259M. Embedded audio on the 2x SDI output can be sourced from the HDMI input (channels 1-8) or from a line-level analog audio pair input.

- Rugged construction backed with a five-year warranty
- Direct conversion from HDMI to SMPTE 259M, 292M and 424M SDI.
- Compact size and low weight design easily affixes directly to camera or host device chassis
- 5.1-channel embedding from HDMI audio. Stereo analog audio embedding from stereo analog audio input pair.
- Powers directly from host equipment USB or standard corded power adapter. USB power and corded adapter can be simultaneously used to provide redundant power sourcing.
- 2x SDI DA output
- **Standards supported**  
SMPTE 259M, 292M, 424M
- **Input**
  - HDMI (HDMI 1.4a compliant)
  - (2) analog audio (unbalanced consumer RCA)
  - DC power (via USB or adapter)
- **Output**  
(2) SDI (75Ω BNC)
- **Audio conversion format**  
48 kHz sampling, 24-bit  
8-Ch HDMI to SDI groups 1 and 2
- **Source**  
Power-sourced directly from host equipment USB port. Converter can also be powered using corded AC adapter (included)
- **Power**  
5-16 VDC, 2.4 W
- **DC Power Connectors**  
USB Mini and coaxial locking connector (for use with supplied Cobalt power adapter)
- **Dimensions (WxHxD)**  
5.5" x 3" x 1" (including connector projections)  
(139 x 77 x 26 mm)
