Opis produktu

SDI to HDMI CONVERTER

3G-SDI Video Input

Dual 3G-SDI Loopout

HDMI Output

Audio De-Embedding

These non-scaling converters are designed for low power consumption and simplicity. For ease of use, the converters can be powered from any USB2.0 / 3.0 port or with the included External Power Supply using their unique lockable USB power cable. Audio Embedding / De-Embedding features provide flexibility and additional workflow options. Configuration is simple as well, via manual dip switches.
